Sustainable Finance Forum AT COP31

3rd EDITION

ORGANIZED BY

ANBIMA

CNseg
Brazilian Insurance Confederation

FEBRABAN

ORGANIZERS

The Sustainable Finance Forum is a joint initiative of **ANBIMA**, **CNseg** and **Febraban**, the associations that represent the **Brazilian financial market**. Launched during COP30 in Belém, the Forum is a space for dialogue and coordination on the role of the financial sector in the climate agenda.

The initiative aims to present the **contributions**, **proposals** and **commitments** of the **Brazilian financial market**, highlighting its importance in **risk management**, **capital mobilization** and in enabling **projects and investments** aligned with the **climate agenda** and Brazil's **economic development**.

The 3rd edition of the Forum will take place during COP31, in Antalya, from November 9 to 15, 2026, bringing together **activities across different venues**. The program will address topics such as data intelligence and risk management, sustainable taxonomy, climate finance and infrastructure for resilient cities, among others. The following pages list the activities of the Forum.
